March 2017 Vol 3 Issue 2

Greetings!

Reiki Home is creating a new path and leaving a trail!

Together we are walking into unknown places, creating community with all who share Reiki, and experiencing a sense of oneness that has within it many cultures, worldviews and languages.

We are listening to the invitation of Reiki to step forward, to be seen, to share the gift we hold in our hands, to bring healing to the earth and all its inhabitants. Reiki Home is a manifestation of that invitation.

In this issue you will discover more ways Reiki Home is creating a new path. We hope you enjoy this gift.

Community Connections: We have the exciting NEW opportunity to sit together in 21-Days of Meditation.

Together in Reiki. We have two more circles planned in April and in May. Dates are April 14 & 28 and May 12 and 26. Watch your email for the invitations to join.

Trinidad Conference: The Trinidad Team is working towards its first conference early in 2018. You may want to start planning a trip to Trinidad!

Reiki and Evolutionary Consciousness: A 21-day Reiki Meditation Series

This 21 Days in Reiki invites participants to become co-creators in the ongoing dance of life. These daily Reiki meditations, facilitated by Reiki Master Frank Coppieters, include Reiki self-treatment, inspired guidance and Tibetan forgiveness practices. Each session ends with a time of sharing. The final Sunday concludes with the Ho-Opono-pono meditation with Reiki.

Dates: Monday, April 10 through Sunday, April 30.

Inspired Guidance By Frank Coppieters

Your guides are here, in their multiple manifestations.

They are sharing their love, their energetic presence and some important information.

During the period of the Equinox the portals between the realms are wide open for quite a few days. Use this opportunity.

It is time to renew your vows to live an authentic life, your life.

It is time to use your gifts, and please know that they are many, to activate your own potential and to activate the new consciousness that wants to establish itself on earth.

Know that everything that enters into your life can be used for the higher good.

Balance the development of more and more openness with embracing the deep stillness that is your essence.

Every time you go through the portal it becomes easier. You are not afraid to lose yourself. You are meeting a new aspect of your real self.

You are taking this journey from a place of trust because you love creation and because you are able to hear the calling

REIKI CENTERS

Together in Reiki virtual circles

By: Grainne Warner

We continue to explore the potential of coming together in Reiki - holding hands to form a circle around the world, filling the world with Reiki, Love and Gratitude.

Taking part in these circles is both empowering and humbling. We connect with the consciously created field of Reiki we call Reiki Home. We hold the essence of the poem, *Home*, in our hearts as a potential in our lives, communities and the world.

With six circles held in 2017, we continue to explore different virtual platforms and functionalities required to grow to circles to hundreds and perhaps thousands of people sitting together in Reiki.

Two teams are being established to handle both the logistics and facilitation. Many different skills are required. If you would like to get involved, please do [get in touch](#).

Community Defined

Community is the spirit,
the guiding light of the tribe,
whereby people come together
in order to fulfill a specific purpose,
to help others fulfill their purpose,
and to take care of one another.

The goal of the community is
to make sure that each member
of the community is heard and
is properly giving the gifts
he has brought to this world.

Without this giving,
the community dies.
And without the community,
the individual is left without a place
where he can contribute.

The community is that grounding place
where people come
and share their gifts
and receive from others.

The Board of Directors met virtually for six hours a day for three days in mid March. A few highlights are:

- Board members and witnesses shared their passion for Reiki Home and what motivates them to give so much each year.
- A stimulating discussion was held on what does it mean to "speak as One Voice." We shared several experiences to deepen our experience of being and acting as "One Voice."
- The Strategic Plan was reviewed and updated. It was noted that the number of volunteer teams is growing.
- New elections were held. Robert Kramps was elected President and Grainne Warner was elected Treasurer.
- A discussion on the importance of Place was held. We explored the difference between "owning" land and being "entrusted to care for land."
- The Board and Core Team held a joint meeting and enjoyed a presentation on the gift of the land in Trinidad and the emerging vision for this property.
- A conference to be held in Port of Spain, Trinidad, next year was announced.

The Board continues to meet twice a month for a total of five hours as it listens to the next steps for Reiki Home. A new path is being created as the community grows.

Why I Volunteer

Donna Harris

I was an observing friend of Reiki Home for four years. Then with the generous donation of land in Trinidad, my imagination was sparked. I became an official 'volunteer'.

In my work as a Reiki Master and Lifewalk coach, I meet many people who experience spiritual and emotional homelessness. Native Traditions influence my conviction to maintain a connection with Mother Earth; it is grounding when we can experience all aspects of ourselves.

For me, Reiki Home offers us such a connection. It invites us to discover new ways of being together - to conceptualize, collaborate, and create. In Trinidad we're invited to let a vision take root on pristine land.

When I visited the land, I felt the land calling me and us to:

- Honor Mother Earth by exploring environmentally friendly, sustainable ways to develop the land.
- Deepen our social consciousness as we honor the cultural practices of the Indigenous People.
- Open our doors to include a broader Reiki Community.

I was profoundly awakened to a new consciousness on the Reiki Home Trinidad land. We smudged with white sage, gave tobacco offerings to the land in gratitude and placed a dream catcher by the stream. Later, with a sense of wonderment, we learned of the similarities between North American and Caribbean Native practices. It is a fine line of separation.

I believe Reiki Home is inviting us to find home within ourselves, with others and to honor and preserve our planet. I have faith that Reiki is guiding us.
