Ways to Support Reiki Home

Crossroad

A crossroad is defined as a place where two roads intersect. This year at the Board's Annual General Meeting, we found ourselves at several crossroads - places where a choice needs to be made.

In this issue you will read of the new, exciting choices that were made. You are invited to participate with us in creating the reality of our next step.

A crossroad happened when local Reiki students from Spain were invited to meet with us. This was a conscious step to connect with and support local Reiki communities.

As we considered our offerings *Inspired Guidance*, *Together in Reiki*, *Open Hearts*, and our NEW telephone circle *Healing Our Hearts, Communities and World*, another crossroad was approached. We are making a transition from an all volunteer organization to an enterprise with part time staff in order to provide more offerings in the next year.

A new chapter is beginning. Crossroads are appearing in many ways. Please consider how you might support this time of change and transition.

Blessings,

Elaine Andres
Creative Director of Reiki Home

An AGM First!

Spanish Student Gathering

The AGM 2018 created a new way of connecting with Reiki students. This year the local Spanish Reiki

of Life.

It is a place that welcomes all practices of Reiki, fulfilling our need to bring us together, to love one another and to respect and honor each other.

Reiki Home supports the development of global community, facilitates connection between its members, offers access to teachers through webinars and virtual Reiki circles, shares experiences of Reiki in Action and provides the opportunity for physical contact with one another.

students were invited to attend a time of sharing during the AGM with us. We are exploring new ways of connecting with local Reiki communities.

Spanish students gathering

The Board shared about Reiki Home, its purpose and work and responded to questions from the Spanish Reiki community. A lively discussion took place after this question was asked: "What can Reiki Home do to support you in your local community?"

We discovered common challenges as we discussed treating patients in hospitals with Reiki and the misunderstandings that can result.

One of the Board members shared what had happened in his country. A very well-known doctor did some scientific studies that demonstrated the effectiveness of Reiki. He then went to the Ministry of Health and these studies provided the evidence needed to convince it to approve and acknowledge Reiki practitioners. This allowed patients to access Reiki treatments in hospitals. Insurance companies cover half of the cost for the Reiki treatments and the hospital covers the other half.

All of us and the Spanish Reiki community felt supported and empowered to move forward in our communities. The Spanish community decided to host regular Reiki circles where all students are welcome and recognize the value of Reiki practices being in relationship.

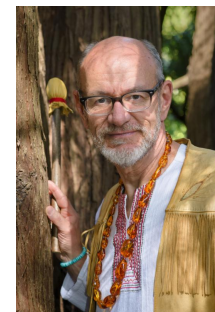

We shared a Together in Reiki circle and experienced the beauty of sitting in the energy of Reiki as one. The poem Home was read in both Spanish and English as we concluded our time together.

Reiki Home is reaching out to Reiki communities to connect local communities and to share what is happening around the world. We invite you to share the news from your community to inspire and give ideas to others.

Words from one offering - Inspired Guidance

There are many wonderful ways of meditating. Try them and choose the one that fits you. It is always a good idea to surround yourself with your beloved guides and teachers.

Today you could consider your meditation as a timeless river of love and loving. This river is always streaming strongly. You can always, whenever you want, go and swim in that river. Really!

Frank Coppieters

Even when you feel separated from love, it is always there for you. Just be aware now - loving and meditating belong to the same existential category.

This is a great insight. Your meditation and your introspection and your loving are feeding the soul of the world.

Here your deep soul work and dream work are taking place. Sending love and Reiki for a better world. Helping to manifest the next phase of human consciousness.

In the next stage, greed and the abuse of power and language are being replaced by the delightful frequency of the heart.

Feel it.
Already the rhythm of the heart is here.
Here the limiting conditionings of the past are being healed
and your brain is being rewired.
All this takes place in the background as you are meditating.

In the midst of these evolutionary changes
there are many who experience fear.
Please be brave.

Keep witnessing the timeless river of loving.
Witnessing is a tremendous force of compassion.
Your loving presence is the healing.
Live in light, in love and in peace.

Saying Goodbye

Board members work closely over the
years so saying goodbye is a difficult
time. It is a time of sadness and
celebration - two emotions, at times, hard
to balance. During the year of 2018, we
said goodbye to Grainne Warner,
Christopher Tellez and Birgit Knorr.

2017 Board of Directors
and Witnesses

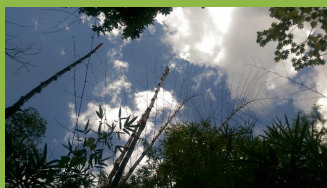

Birgit and Grainne served together since
2013. During their years, they led us in
developing the Strategic Plan, creating
financial transparency, beginning Together in Reiki virtual circles and
hosting the Trinidad Conference. Quite impressive accomplishments
and we are grateful for their leadership.

As Christopher leaves his fresh insight and excitement for Reiki
Home will now be expressed in a new way. He is stepping onto the
Social Media Team to oversee the Instagram platform. Christopher, a
great community organizer, also plans to support Reiki Home as it
grows its network of Reiki communities around the world.

The 2019 Board Focus

Every year the Board holds an 8-day meeting in-person somewhere in the world. This year it was in Spain.

The Board intends to grow the Reiki circles and to create webinars and other offerings. In order for this to become real, we are making the transition from an all volunteer organization to an enterprise with part time staff. In order to make the transition, the Board will focus on creating the financial wealth necessary for this growth.

You are encouraged to help us connect with those who might assist us in making this transition. If you have ideas, know someone who might help, please email us on the website [Contact Us](#) form and share the information, an idea or offer to help in some way. Together we are creating Reiki Home.
