## Reiki Home

Reiki Home is a growing global network of individuals and Reiki communities inspired by the daily practice of Reiki.

Reiki Home holds the understanding of Regenerative Living and embraces the diversity and oneness of humankind, nurturing the inter-connection of all living things which flow within the Natural Order of Life.

## An Exciting Year Ahead

This past year has been another amazing experience of change as Reiki Home continues to develop its' capacity to **connect, share and serve the international Reiki community**. To reach this goal, Reiki Home established two Living Objectives:

1. Provide associations and organizations within the international Reiki community as a way to connect via virtual and physical events.
2. Enable local Reiki communities and students to learn from each other and share experiences in open and reflective conversations.

In this issue, you will read the next steps that are happening in Reiki Home to realize these objectives.

**A New Partnership** with the Reiki Lights Festival, an event sponsored by the UK Reiki Association, was recently announced.

In **Languages & Time Zones Expand**, discover the difference volunteers make when they serve as interpreters and translators.

Opportunities for Reiki students from all lineages and practices are found in the two **NEW What Is Healing? An Engaged Conversations** offerings. The first one is held in Spanish at a time zone that works for the Spanish-speaking community; the second in English is held at a time zone for those in Australia.

A **NEW Circle of Scholars** webinar series begins in February. It is the first time five academia Reiki researchers/practitioners have collaborated to share their findings with the global Reiki community. **Reiki Circles Increase** as a **NEW Heart-full Blessings** circle begins. Thirty-four circles are offered in the first three months. Discover the joy of sitting in a circle with others from around the world.

You are encouraged to actively participate in our community by attending these new offerings, volunteering and financially supporting Reiki Home.

## Languages and Time Zones Expand!

Reiki Home is circling the globe by scheduling offerings in a variety of time zones as we consciously build a way for Reiki students and groups to connect.

In addition, thanks to our volunteers, some offerings will be shared in Spanish and Russian as well as in English. Other languages will become available as interpreters and translators step forward to serve this growing community.

If you would like to learn about the opportunities to serve in this way, please [Contact Us](#).

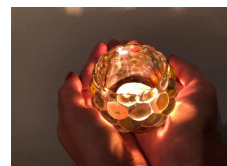

## A NEW Partnership

Reiki Home is honored to partner with the UK Reiki Association for Reiki Lights Festival 2019.

With a joyful YES, we accepted their invitation and look forward to working together. The vision of connecting the world with hundreds of centers of light continues to grow.

This year's Festival was held on December 16 with a physical event in London and a virtual opportunity to join the circle. Together, we lit individual candles around the world. It was a beautiful, deep experience of sitting in stillness as we held the globe in light and offered a spoken gift to the world.
