Inspired Guidance by Frank Coppieters

February 20, 2019

Beings of immense light and love and masters of wisdom are joining you now to guide you and accompany you.

They have a consideration for you.
Meditate fully convinced that you are an enlightened being already.

Just give this your very best.
Because in truth you already are an awakened being.
Claim and taste the beauty of your essence.
And also the timelessness of your love.

What is *reiki*?
What are Reiki
Systems?

at 6 a.m. PDT

Registration is necessary and
will be sent soon.

Feel the gratitude that this is what you really are.

Always have been.
Always will be.

From this awakened space
it is easy to share inspiration and happiness.

It is easy to let go of guilt and to feel forgiveness.

Here you can experience that an empty mind
is a mind full of light and clarity.

Your empty mind spontaneously joins
the courage of your heart to act and to follow your path.

Feel the love and the aspiration in your heart
for Mother Earth and her precious, precious biosphere.

Connect the water in your body with the water in the biosphere
and get a sense of oneness.

To be aware of oneness is to awaken in what you are.
What you are is eternal light, eternal love.
As such you are indestructible.

Know that the forces of darkness, manipulation and corruption
can only be conquered by your allegiance to light, truth and the
awakening of universal consciousness.

In this "brave new world" your spiritual awakening
is more important than ever and it is happening - right now.

Beings of immense light and love and many, many masters of
wisdom are supporting you, all the way!

(permission to share is always granted)

NEW 21-Days of Reiki Meditation

Becoming Community: Healing Ourselves and the Earth

The Earth is evolving; change is happening daily; new structures are emerging. Reiki is one supportive energy ready to shepherd the world into a new way of sharing the Earth and being in community.

For 21 days, a unique opportunity awaits. Our Reiki Circle facilitators are combining with other people to offer a meditation each day. Multiple opportunities to sit together in the energy of reiki are offered on several days.

Virtual circles are held on Go To Meeting and offer an opportunity to meet and hear from others around the world as we share in meditation.

Non-virtual circles are offered offline in the intimacy of ourselves and the earth, knowing that there will be others spread around the world who are there with us at the same time, with the same focus and intention as we sit together in silence.

As we move into being a multi-language, multi-cultural community, we sit together in this deep time of meditation becoming aware of our connections through the energy of *reiki*.

Experiment! Expand! Enjoy! Increase your conscious awareness. Attend circles in other languages and discover a unique experience with *reiki*.

The Circle of Scholars Share

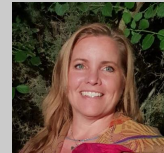

Diversity is one of the many gifts our scholars bring to our community. Coming from different backgrounds and traditions their reflections are broad and wide.

As they share common elements from these different lineages, they also explore the differences found in these traditions. Come with a spirit of openness and a "*beginner mind*." Allow your thinking to be stimulated and the boundaries you hold to shift.

Our scholars will participate throughout the year in the topics in which they have done research. As they enjoy the dialogue, they often will support one another by participating in the conversation. Those sharing during this year-long series are:

Dori-Michelle Beeler, Ph.D.

Dori received her doctorate in medical anthropology from Durham University in the UK. She wrote an ethnographic study of contemporary Reiki practice based on several lineages within the UK. She is a postdoctoral fellow at John Hopkins Bloomberg School of Pubic Health.

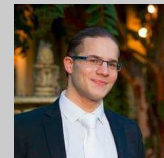

Robert Fueston, M.L.I.S., M.S.O.M.

Robert holds a Master of Library and Information Science Degree from the University of South Carolina, a Master of Science in Oriental Medicine Degree from the Southwest Acupuncture College, and a Certificate of Advanced Graduate Study in Library and Information Science from the University of South Carolina. He has over 20 years of experience with *reiki*.

Liad Horowitz, MA

Liad became a Reiki Master in 2001. He received a Masters degree in East Asian Studies from Tel Aviv University in Israel. His masters thesis concentrates on the esoteric roots of Reiki, and during his study he compared and analyzed Reiki initiations from around the world to reveal a pattern apparent in all initiations. A doctoral student, he lives in Israel.

Jojan Jonker, Ph.D.

Jojan graduated in Computer Science in 1986. He worked for almost 20 years for a software house. In 1998, he became a Reiki Master in Usui Shiki Ryoho. In 2010, he graduated in Interreligious Spirituality and in 2016, he took on his doctoral degree within the field of Religious Studies.

Justin Stein, Ph.D.

Justin wrote his doctoral thesis at the University of Toronto on Hawayo Takata's role in the development of Reiki. He is currently a postdoctoral fellow at Bukkyō University in Kyoto. Justin did his first and second degree of Reiki in 2001 and 2002.

Investing in Part-Time Staff

Reiki Home, the organization, has grown! At the last Annual General Meeting (AGM), the Board began working towards a change.

We are approaching a time when part-time staff is needed as we grow our capacity towards having a regular staff. An Administrative Assistant, Website Manager and Communications Director will be added in the coming months. They will receive a small honorarium.

We are committed to bringing on staff only when the money is in the bank to provide a one-year honorarium. We feel this is in keeping with the precept "Earn Your Living Honestly." And, of course, we are open for volunteers who feel called to serve without an honorarium in any of these positions.

We ask you to support Reiki Home's growth now. Become a [member](#) and donate an amount and in a way that works for you. If you have a business, consider becoming a [sponsor](#). You may also donate with [foreign currency](#).

In the near future, we will ask you to consider investing in Reiki Home to raise the money necessary to honor those doing the behind-the-scenes work so essential to maintain the website and bring you new offerings.

As we join hand in hand and heart to heart, we create an amazing organization in service of Reiki and the Earth so all Life can flourish.
