Reiki and Medicine a Circle of Scholars Webinar

(Note: Reiki is one form). In limited cases, countries follow a healthcare system classified as integrated wherein healing practices are more often accepted.

For the majority, where allopathic (use of drugs to treat symptoms) or the biomedical approach take priority, healing practices such as

Inspired Guidance By Frank Coppieters

May 8, 2019

Can you feel their presence?
The shining guides of light and love are approaching you.
They want to share their wisdom with you, as always.

This activates your wisdom.
Listen with your heart to what they recommend for you.
As often as you can,
feel at ease with the joy of the sacredness of this moment.

Every moment contains the sacred.
This is a simple insight and it changes the quality of your life.
Every moment contains the sacred.

Be aware of love as your eternal essence.
Love is flowing in every cell of your body and your being.

This is more than a mere metaphor.
It is the deeper reality of what you are.

Now that your mind has become more quiet,
may you feel this deeper reality.

The mystic, St. John of the Cross says,
Listen:
this sacred understanding lies in a single sip of the Divine Essence.
Knowing through unknowing, is an act of mercy the Beloved pours on us.

This mercy transcends all thinking.

Knowing by not knowing.

By the grace of not knowing,
let the chakras of your energy body open now, one by one.

Reiki plays a role in the opening of the chakras.
When your chakras are open, it gives you easier access to the absolute reality,
and to the subtle, mostly invisible realms of reality.

Here, through this access, healing happens.
Every moment contains the sacred.
